## À propos de Baghera/wines, bureau d'experts en vins d'exception

Founded in Geneva in 2015 by Michael Ganne, Baghera/wines has become a global reference in rare and exceptional wine auctions over the past ten years. Its philosophy: to defend authenticity, provenance, and sharing, by offering collectors a human and passionate approach to wine. European leader in rare wine auctions based in Geneva, Baghera/wines offers a new approach to these exceptional wine sales by placing conviviality and exchange at the heart of them. Baghera/wines is an office exclusively dedicated to rare wines that supports collectors in all aspects of showcasing a collection. In 2018-19, the historic sale of Henri Mayer's personal cellar, to date the largest auction in the world ever held (CHF 34.5 million), followed by the unprecedented sale exclusively dedicated to the wines of Domaine de la Romanée-Conti, then by the sale of the last bottles of Domaine René Engel and, more recently, the final collection of La Romanée by Bouchard Père & Fils, propelled Baghera/wines to become the European leader in wine auctions.

The experienced team, brought together by Baghera/wines experts, offers tailor-made, local, and excellent advice to international collectors passionate about fine and rare wines: organizing masterclasses, expertly selecting wines for private tastings, dinners, and events combining music and wine. In September 2020, Baghera/wines inaugurated its new Geneva location, a private club and boutique dedicated to fine wines within the Beau-Rivage Geneva. In October 2022, the company further expands its operations in Asia, with the opening of Baghera/wines Singapore Ltd, in Singapore. The entity began organizing physical and online auctions in December 2022. 2023 saw the creation of Baghera/wines France, an entity capable of organizing auctions in France, and a second club dedicated to collectors and event activities was inaugurated in Nuits-Saint-Georges.
